# Alignment & Formations

---

**Three digit play calling system - 121**

**1. First digit is the formation - 100**

**2. Second digit is the series - 20**

**3. Third digit is the hole - 1**

---

**SPLITS AND ALIGNMENT**

We can widen our splits  
1' with defender head up.

If the tackle is uncovered, the TE splits 6' from the tackle.

If TE splits wider than 3', the wing aligns 2 yards from the normal 3' alignment of the TE. This places the wing 3 yards from the tackle's outside leg, regardless of TE's split.

---

**LINEMEN - get as far back of the line of scrimmage(LOS) as is legal in a balanced 3 point stance with head up and flat back**

**FULLBACK - depth of 4 yards off of LOS behind the Center in a balanced 2 point stance with eyes forward**

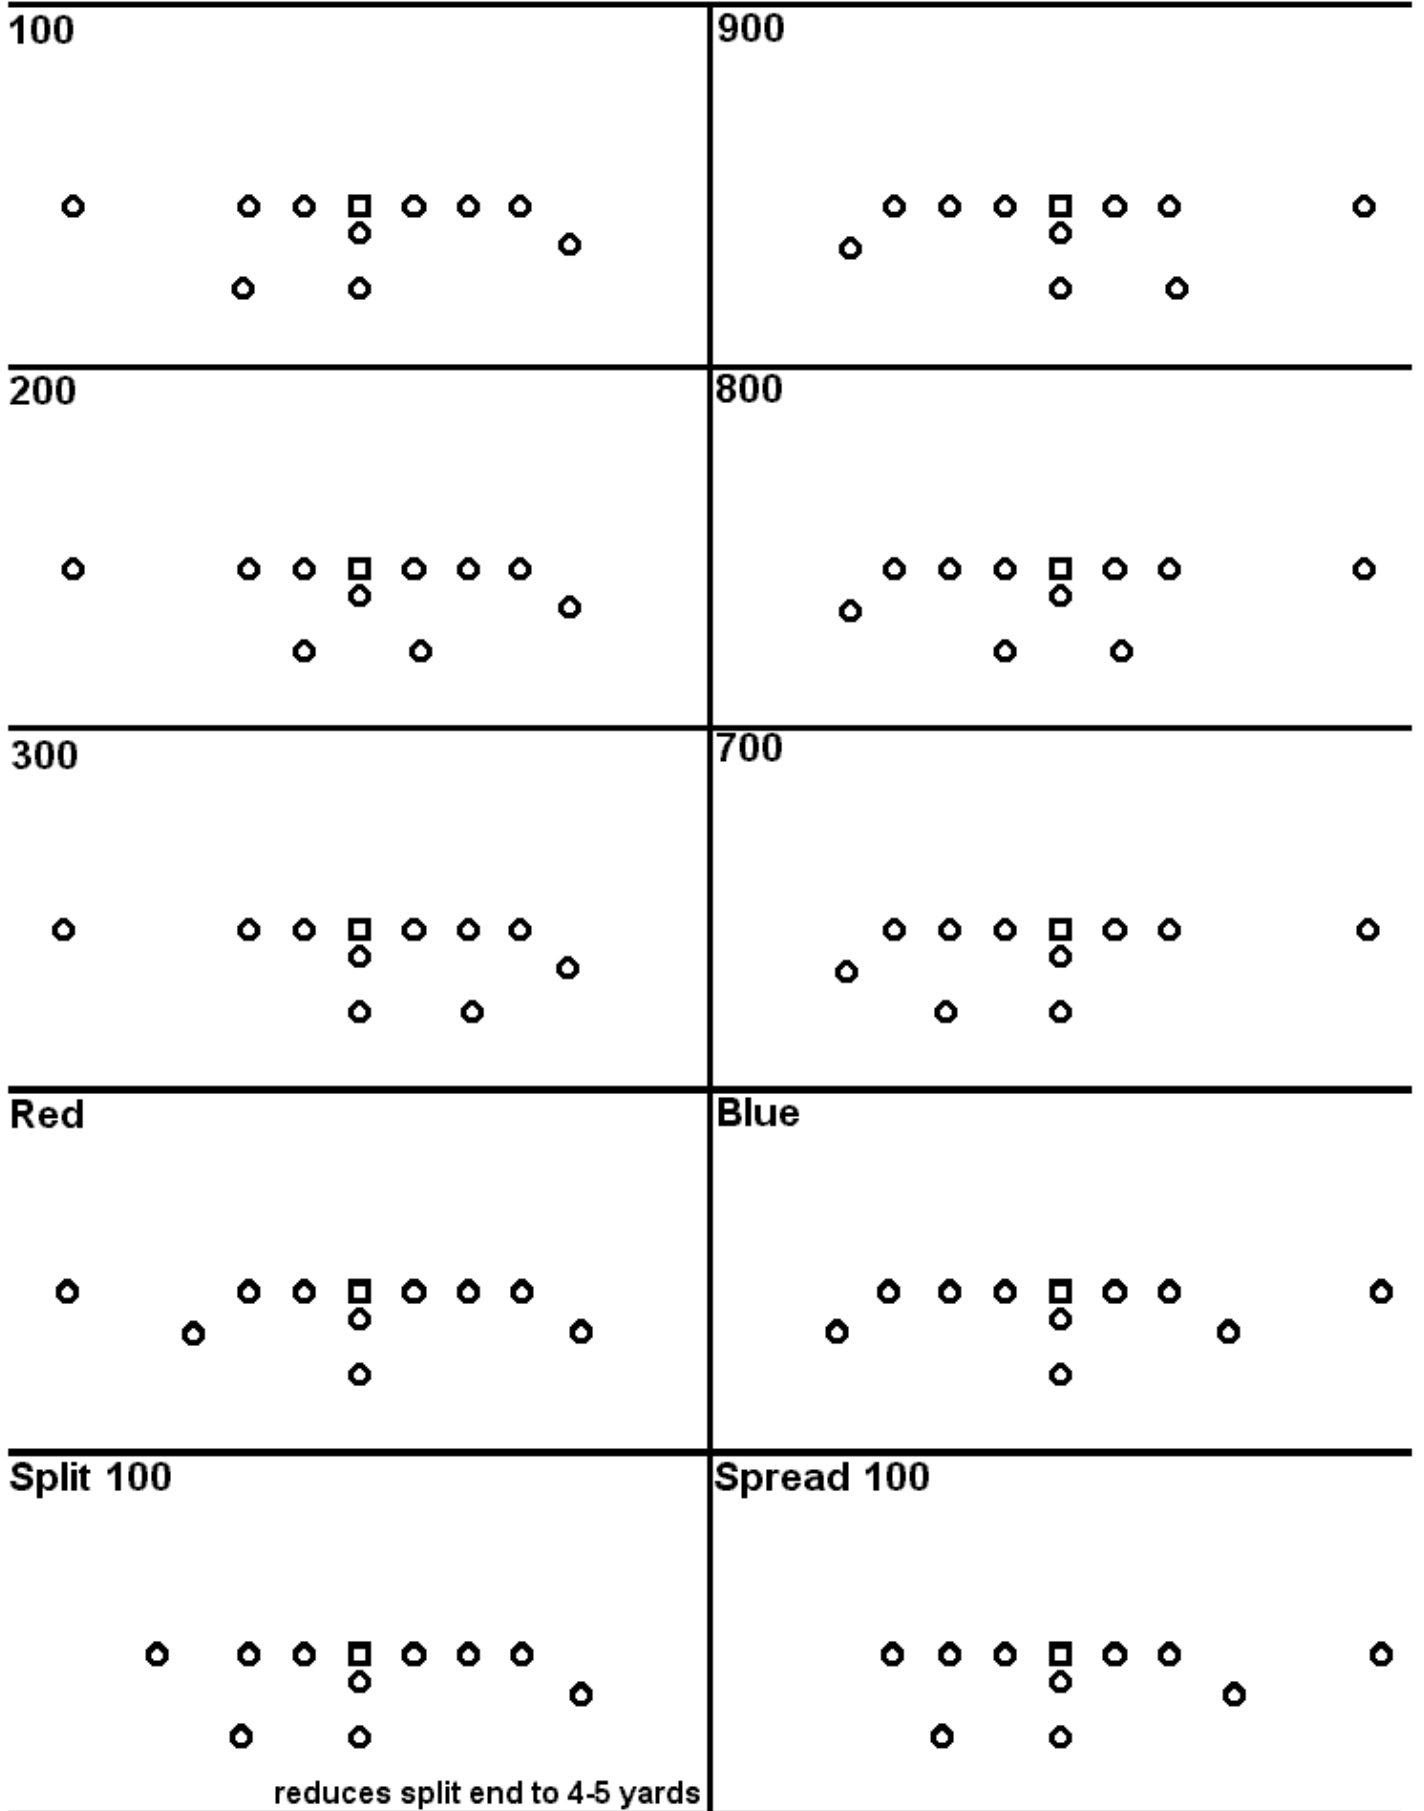

**HALFBACKS - align at fullback's depth just a few inches wider than the Offensive Tackle in a balanced two point stance with eyes forward**

**WINGBACK - align 2 yards of LOS and 2 yards outside Tight End in a balanced 2 point stance with eyes forward**

**SPLIT END - align 12 yards from Offensive Tackle in a 2 point stance with the inside foot back and eyes on ball**

**QUARTERBACK - align directly behind the Center**
